MUSIC REQUESTS

The key to a successful event is flexibility. We strongly recommend you allow your DJ to incorporate a good mix of all categories of music throughout the evening in order to appeal to all of your guests.

If there is any ethnic or regional backgrounds that may require specific music (Italian, Portuguese, Ukrainian, etc.) please list the titles and artists. We are CONNECT Music licensed so that means you are welcome to bring in your own media even if they were compiled on a computer. This option is available to you for the reason that there are many versions of one song. To eliminate any confusion of a particular song, we encourage you to bring in your own media so that there will be absolutely no confusion. **(Please Note: Pulse Productions Inc. does not utilize the use of CD's or DVD's. Please ensure any media you bring in is on a USB Flash Drive)**

Our music selection is one of our top priorities and one of the best in the business. Our extensive music and video library covers a 90 year period of all types of music with something for everybody. Your guests are likely to include a wide range of different backgrounds, ages and musical preferences, and will no doubt have some requests throughout the evening. We welcome requests and at the DJ's discretion will play as many requests that he/she deems suitable/appropriate for your event.

If you need any assistance with the completion of this planner, musical choices, etc. please call or email us.

****Please Note: the completion of this planner is for informational purposes only and is not to be considered an extension of your contract. Any additional services or time requests other than stated in your contract must be approved by Pulse Productions Inc. Management. Additional charges may apply.****
