TESTIMONIALS & REFERENCES

We used Pulse Productions for our wedding a few years ago and Jen and Nick were fantastic!! Very professional and Jen went above and beyond when my groomsmen had some wardrobe issues with their boutineers...I barely even knew there was an issue because she jumped in and dealt with it... it was definitely not in her job description!! They were easy to work with and talk with and have an extensive planning process to ensure that they really have all your needs taken care of. Highly recommend!!

I HIGHLY recommend Pulse Productions!! They have photography, DJ and photo booth conveniently bundled into one package! Communication was strong prior to our wedding and quickly answered every little question/inquiry we had. They were easy to work with, very professional and oh so patient. Our pictures turned out absolutely beautiful! They also travelled to us in Saskatchewan. Do not hesitate to hire them - you will be so happy with the result!

What an amazing production this company put on for our Corporate Xams party !! A DJ can make or break a party and let me tell you they hit this one out of the park!!! and the Photobooth...WOW!! just WOW!!! sooooo much fun and what a great way to capture memories that will last a lifetime

We had Pulse for our wedding this past August and they did a fabulous job. Jen had previously taken our engagement photos and she went above and beyond for our wedding. We decided to go with the diamond package. Not only did Jen so amazing job throughout the day but during the evening when she was running the photo booth for us she stopped to capture a particular dance that was extremely meaningful even though it was well past her "photography" time. The pictures are absolutely gorgeous, I really can't decide on favourites as I have too many. Leading up to the wedding she was always reachable to answer any questions I had, even during her busy wedding season. We will definitely use Jen in the future for photography.

Pulse productions is amazing. I have been to several events where they have DJ and then used both there photography and DJ services for my engagement and wedding. I wouldn't have changed a thing on my wedding day for the experience I had with pulse. You both are so very talented and I can't wait until the next time I get to use your services.

As a previous bride/client of yours I can say without a doubt you were beyond amazing, professional and elegant at our wedding. It literally was like you two were long lost friends of ours that showed up to surprise us on our special day! The laughter we shared made every minute of the day & night memorable. It feels like just yesterday we had our wedding. I was blown away by the photos you captured and I smile every time I walk past them hanging on the wall.

We heard nothing but good things from all our guests about the DJ and photo booth services! We were very happy with the photographers as well. They were all very personable and professional. Will definitely recommend you to friends and family! Also, price was extremely reasonable.

Nick Taylor from Pulse Productions did a phenomenal job keeping the whole crowd pleased the entire night! He kept everything organized through all the chaos of being an hour and a half behind after dinner. All my guests danced and had an amazing time and I had so many people tell me how amazing he was!

We enjoyed every bit of the services Jen & Nick provided for our wedding. Jen took amazing, breath taking photos and Nick put on a an amazing DJ performance and he helped keep our schedule rolling as we did drift a bit. By far the most amazing services I have ever seen. Jen was a wonderful lady to work with and was proud to spend the most important day to me with her. Thanks for everything you guys.

Just wanted to say I really enjoyed you guys last night. You did a fantastic job. I loved all of the lights and the video screen is very cool. The music wasn't blaring so people could still talk. Very, very well done. I was impressed.

Hey Guys, I just want to commend you on the job you did at our fundraiser! I was really impressed with your professionalism. At the meeting last night, the other parents expressed how great of a job you did too. I think you defiantly made a good impression on a lot of people...in fact, it was recommended that we book you guys for next year again :) so thanks! Much appreciated.

To whom it may concern,

My name is Jeffrey Alan Kurylo and the purpose of this letter is to provide a Reference for Pulse Productions Inc.

My wife and I recently got married on April 11th of this year (2015) and it was Pulse Productions Inc. who provided us their services both for the DJ entertainment side of things as well as the photography for the entire event.

The service provided to us was above and beyond anything we expected. Pulse was very professional and went the extra mile for us and paid attention to every little detail. The DJ Nick caught on very quickly to the mood of the audience and knew exactly what to play. Several guests told me how impressed they were with the skills of the DJ and his music selection and I couldn't agree with this one guest who told me " this guy is amazing", referring to Nick.

We had no issues and a perfect day largely impart to the service Nick and Jen provided to us. It is very obvious they love what they do and that they put their heart and soul into their work.

I can definitely recommend Pulse Productions as a solid reliable and caring company.

If you have any questions regarding this reference you are welcome to contact my wife or I and we will be willing to answer any questions you may have.

Yours truly, Jeffrey Kurylo

Hello I was requested by Jennifer Taylor to give feedback about an event that they did for us.

I was Captain with the Chipman Fire Department for the years of 2010 to 2014, we had our first fireman's ball in 2011, and I am proud to say it was a success. During the planning phase of the ball one of the firefighters expressed that we should hire pulse productions inc to do our ball, the chief was reluctant expressing that dj's generally cater to only a select portion of the crowd he wanted live entertainment. I asked Nick to put a quote in anyway as he is local and I figured if we could not find live entertainment we could re visit the idea of having pulse productions doing our ball. Nick assured me that he does his best to cater to the whole crowd so I talked to the chief and we agreed to hire pulse productions to do our ball. They were awesome, Nick was there early to set up, he had music to cater to the whole crowd. Several fire departments were in attendance and all asked for his information at the end of the night we booked and paid for the following year and every year since we have used them to do our events.
